Are you ready to be part of the wiki revolution?

Project Title	Are you ready to be part of the wiki revolution?
Project Summary	Editing the wiki is fun and addictive
Country	United States

Project Description

Powerpedia is a non-public, employee created encyclopedia of information about the Department of Energy (DOE). It uses the same technology that powers Wikipedia (Mediawiki) and can be accessed and edited by any DOE employee or contractor. Powerpedia's mission is to help employees share information on topics while improving communication and coordination between DOE organizations. It is solely for authorized internal use by Department of Energy employees and contractors working at DOE headquarters and field sites.

Any DOE employee or contractor working in DOE headquarters or at a DOE field site can view and search the Powerpedia wiki. This project is partly inspired by Intellipedia, a Wikipedia-like intelligence database.

Required Skills or Interests

Skill(s)
Editing and proofreading
Research
Writing
