

Foreign City 3D Modeling and Graphic Intern

Project Title	Foreign City 3D Modeling and Graphic Intern
Project Summary	Architecture, urban planning or 3D modeling interns apply! The Master Planning Office is looking for creative people wishing to make 3D city models for the State Department. The intern should have excellent knowledge of 3D modeling software, including sketchup & AutoCAD, and graphic skills.
Country	United States
Agency	Department of State
DoS Office	OBO/PRE/MPE/MPD
Post	N/A
Section	N/A
Number of Interns	2

Project Description

Interns will be assigned specific country capitals to model in 3D using sketchup & AutoCAD. Interns will be required to conduct basic city research prior to creating the models. Models will be both city scale and building scale. Interns will be required to research the adoption of “flexible building” features such as raised floors, demountable walls, plug and play power/data/HVAC, and otherwise by country. What are the trends in development and building construction in the specific city.
