

Serve.gov Social Media and Web Intern

Project Title	Serve.gov Social Media and Web Intern
Project Summary	Develop social media content for all programs, special initiatives and national days of service to help us grow and increase our engagement levels and overall number of followers.
Country	United States
Agency	Corporation for National and Community Service
DoS Office	N/A
Post	N/A
Section	N/A
Number of Interns	5

Project Description

This project involves two main components. The first component is specific to analyzing our Serve.gov website content and analytics to determine how we can better improve the information presented to encourage more individuals to volunteer. The second component includes building a social media strategy and several digital assets (graphics) to post on social media to better engage individuals and peak their interest in spending a more time serving their community.
