

MLGA - Big Data Analytics Tools Research

Project Title	MLGA - Big Data Analytics Tools Research
Project Summary	IFBHR seeks to understand the ways that big data analytics tools are being used by certain actors to commit human rights violations and what role USG could play in stifling such violations. [Hanna Huffstetler is also assigned to this project.]
Country	United States
Agency	Department of State
DoS Office	DRL/MLGA
Post	N/A
Section	N/A
Number of Interns	3

Project Description

DRL/MLGA seeks an intern with interest and experience in business and human rights to conduct research for the Internet Freedom/Business and Human Rights (IFBHR) team. Specifically, IFBHR seeks to understand the ways that big data analytics tools are being used by certain actors to commit human rights violations and what role USG could play in stifling such violations. Position requires frequent coordination and interaction with IFBHR supervisors, members of civil society organizations, and SCCI. Strong research, analysis, and writing skills are required.
