

Project Title	Data Science Guru
Project Summary	Examine the information ODNI produces and shares on its websites, and help us improve the data and advise us on the best way to share the data we have.
Country	United States

Project Description

Examine reports, articles, documents and social media information, and help ODNI use the best method to present our information. Use the principles of data science to help transform ODNI's products from text-heavy long documents to active, informative data that enhance the understanding and readability of these documents.

Required Skills or Interests

Skill(s)

Data analysis

Data visualization
