Additional Information

EducationUSA centers actively promote U.S. higher education around the world by offering accurate, comprehensive, and current information about educational institutions in the United States and guidance to qualified individuals on how best to access those opportunities. Millions of prospective students learn about U.S. study opportunities through EducationUSA centers around the world each year. EducationUSA Macedonia has 3 EducationUSA Centers helping many college students reach their potential and goals to study in the United States. Please find more information on our work on FB:
