Project Description

This internship is for those who want to work with and support a group of high school students in the Competitive College Club (CCC) develop their skills so they can become competitive applicants to U.S. colleges and universities. These sessions will be held bi-monthly, in addition to monthly individual student sessions. The intern will also be responsible for creating social media content about the Competitive College Club for Moldovan audiences.

The intern selected for the project will work under the supervision of the EducationUSA adviser in Chisinau and engage with students in the country-wide Competitive College Club program. This internship with EducationUSA supports the U.S. Embassy's public diplomacy goals for Moldova.
