Defense Cyber Risk Management Intern

Project Title	Defense Cyber Risk Management Intern
Project Summary	Support and inform the development of DoD-wide cyber risk management!
Country	United States

Project Description

This internship is located in the Office of the Deputy Chief Information Officer for Cybersecurity and the Chief Information Security Officer within the Office of the Secretary of Defense

This project is flexible on the work performed. We plan to leverage your skills, knowledge, abilities, and interests. Projects/work will change depending on current cybersecurity events and priorities of the DoD.

Interns will be responsible for supporting the development of a shared cyber risk understanding within the Department of Defense and among stakeholders through the development of risk analysis and reporting resources including:
• Common risk lexicons
• Risk analysis tools and models
• Commercial risk analysis solutions
